ARKANSAS COLLEGES OF
HEALTH EDUCATION

Dear

The ACHE ADA Accommodations Committee met on _____ to review your ADA application request for reasonable accommodations. The committee made the following decisions regarding your application:

The following reasonable accommodations per ADA have been approved by the ACHE ADA Committee:

*Additional description of accommodations (are supplied below if needed).

Please Note: Eligibility for reasonable accommodations or services are reviewed in accordance with Section 504 and the Americans with Disabilities Act (ADA). A diagnosis of a disability does not necessarily qualify a student for academic accommodations under the law. To establish that a student is covered under Section 504 and the ADA, the documentation must indicate that the disability substantially limits a major life activity, especially learning.

In order to ensure ongoing review and provision of appropriate accommodations, all accommodations will be reviewed by committee prior to the expiration date to determine if accommodations are still required, to maintain appropriate updated documentation and to determine if there has been a change in need for accommodations. Please contact the Office of Student Affairs if there is a change in your need for accommodations prior to this review.

Annual Review Due By:

If you have questions or concerns, please contact Office of Student Affairs.
